

Letter of Recommendation for Ci2 Group Inc.

To whom it may concern,

It is my honour to recommend Sean Smith and his team at Ci2 Group Inc. - a highly skilled set of experts in website design and online communications.

Ci2 helped us reinvent and redesign our company website and, in the end, it looks and functions better than we expected it to. As an Architecture firm with a broad portfolio, we wanted to showcase many of our projects. Our website is now made up of over 80 individual pages and includes a lot of complex moving parts to it.

Ci2 Group were not daunted by this challenge. Through the design process, they always had a YES attitude to our requests and gave good advice in areas where we were unsure. While compiling all the necessary content and photos seemed like a mammoth task to begin with, Sean Smith's pleasant manner and organized work made the process seamless and fun.

Ci2 Group really listen to their clients' needs and are always available, responsive, and very aware of deadlines. It was a pleasure to work with them and we appreciated their technical knowledge. We also appreciate their reasonable rates and the value and service we have received through this investment. Our website was created on schedule and on budget, and has gathered very positive feedback.

As the site is a constantly evolving work in progress, as new projects are regularly added to our portfolio, we are fortunate enough to continue to have Ci2 on our team indefinitely as we grow as a firm.

Believe me, you want Ci2 on your team! If you would like to discuss this further, please contact me at 403-234-3243 or mindy.roy@sahuri.com.

Sincerely,

Mindy Roy
